

City of Boone
REQUIRED INSPECTIONS
ON ALL CONSTRUCTION PROJECTS
(WHEN APPLICABLE)

- CONCRETE INSPECTION - After footing and forms are placed and all excavation completed, before concrete is poured. This includes the foundation walls, the slab work for structures and driveway approaches.
- FOUNDATION SUBSOIL DRAINAGE - After subsoil drainage system is installed, before backfilling.
- UNDERFLOOR PLUMBING - Before covering.
- ELECTRICAL, PLUMBING, HEATING, & FRAMING - Completed prior to insulating.
- ENERGY INSPECTION - Made after all insulation is placed, before any wall coverings installed.
- FINAL INSPECTION - After all work is completed, prior to occupancy.
- PLEASE NOTE THAT ALL INSPECTIONS MUST BE COMPLETED AND APPROVED BEFORE A CERTIFICATE OF OCCUPANCY WILL BE ISSUED.
