Re: 11th Street Resurfacing Project

Dear Resident,

This month, the City is planning to resurface the pavement on 11th Street from Division Street east to the Linn Street. Weather permitting, the work will begin on Monday, June 8th and is expected to take 10 weeks, finishing up by the end of August. Manatt's will be performing the work involved with this project.

During this time, 11th Street will be closed to through traffic and work will occur in two phases. Phase 1 will begin June 8th and will be from Story Street east to Linn Street. This may restrict traffic flow, so please expect some delays. Access to properties and homes along 11th Street will be partially maintained from alleys and side streets during the project.

Phase 2 will begin in July and will be from Story Street west to Division Street. This may restrict traffic flow, so please expect some delays. As in phase 1, access to properties and homes along 11th Street will be partially maintained from alleys and side streets during the project.

Thank you in advance for your patience with this project. The street will look great after it is completed.

If you have any questions or concerns please call me at dscott@city.boone.ia.us or (515) 432-4211 ext 1109.

Sincerely,

Daniel Scott
Project Engineer
