

PRESS RELEASE

Date: September 9th, 2020

Public Works has completed its first pass thru the City for debris pickup. They will make one additional pass thru the City for storm debris. This will start after it dries out from this rainy period.

Please place all debris on the parking for pickup by Public Works. As a reminder; please do not park in front of any debris pile so the last pickup can be as efficient as possible.

Please direct any questions to William Skare, City Administrator at bskare@city.boone.ia.us or 515-432-4211 ext 1102.
