## **Mayor Stines' Christmas Message to the Community**

Mayor Elijah Stines shared holiday well-wishes today with Boone residents:

"As the end of the year approaches and the Christmas and New Year holidays are upon us, I encourage people of all faiths in our community to reflect on the year's challenges, triumphs, joys and sorrows and to commit anew to celebrate our shared community experience.

"Thank you to each and every one person in our community for all that you do and the city personnel who serve us with dedication and great care. You make Boone such a special place to live, work, play and thrive. Our community would not be the same without you!

"I hope your holiday season is filled with happiness and good health and that you can take time to enjoy special moments with your family and friends. Wishing the best to all of you as we enter the new year."
