Public Works Notice

Monday, October 19, 2026

Hydrant flushing has resumed 10-19-2026. Currently flushing in West Boone.

Monday- Friday

7:30 am to 4 pm

Weather permitting

If a flushing crew is on your street, please note that you may have temporarily discolored water. In the event you have done laundry while the crew was flushing and your clothes are discolored, do not dry the wet clothes. Run your cold water until the discolored water clears out of your pipes. Washing the clothes again (when the water clears) will normally take care of this issue. If the clothes are still discolored, the Water Department office has, available at no charge, a detergent additive.
